In 2017, Travacello initiated a charity program

#Shoes4Hope

Our observation unveils a distressing finding where children still walk to school barefoot. The obstacles these students have to endure every day are long distance travel and hilly roads. This condition consequently affects their health and most importantly their focus to study.

#Shoes4Hope aims to be the inspiration and hope for the local children by providing them with shoes. And by the end of 2017, Travacello has distributed more than 1500 shoes in East Indonesia

Together we hope to inspire the future of Indonesia.

SUMBA SCHOOL PROJECT

Kami memulai kampanye #SumbaSchoolProject di maret 2018. Selama 6 bulan pembangunan di Februari 2019 kami meresmikan sekolah bersama Panasonic Lumix yang membangun kelas dan Yayasan Wings Surya membangun toilet dan taman baca. Tetapi dana baru terkumpul 80%, sehingga kami masih membutuhkan Rp. 100.000.000,- untuk penyelesaian sekolah ini.

FESTIVAL JALIN MIMPI

Travacello care bersama sama dengan ID Volunteer dan juga di bantu oleh Generasi Muda Peduli membuat festival yang ditujukan meningkatkan awareness dan juga penggalangan dana untuk pendidikan gratis di sumba dan juga membetulkan fasilitas yang rusak di sekolah, dalam hal ini sekolah kami miring diterpa angin badai. Kami membuat workshop dan juga lelang kain tenun di acara gala dinner.
